Dear Mr. Hathaway,

We here at Rudy Fleminger of America greatly appreciate your support, your patronage, and your individual contribution over the past year. Normally, we like to thank those who have helped us along the way with a little "something special" around the holiday times. Unfortunately, the current status of both Rudy Fleminger of America and the U.S. economy as a whole have forced us to strictly re-examine our budgets. As a consequence, we have been forced to cut back our holiday giving program. Rudy Fleminger of America still appreciates your support and contribution, and we look forward to working with you and yours in the future, but, due to these cutbacks, this year we will be giving you The Shaft.

Happy Holidays, and a wonderful new year!

Rudy G. Fleminger  
Chairman, Rudy Fleminger of America
